● Distinguished award ceremony and celebration |  
While the challenges were many this year, there were also a lot of things that went well. Those include: improved support and better relationships with PD + FD, greater outreach and awareness, teamwork and perseverance, improved data collection and logging, greater disease prevention and linkages to care, support from the State, and all the wonderful employees and volunteers who make this possible! |

Next meeting: Jan. 17, 3:30-4:30 @ VOA Youth Resource Center; 888 S. 400 W. SLC
